INFORMATION

about BRAPS

To promote international communication, cooperation and pallet sharing further, China Federation of Logistics & Purchasing (CFLP) Pallet Professional Committee and the European Pallet Association (EPAL) jointly launched "The Belt and Road Action of Pallet Sharing (BRAPS)". BRAPS is a platform and the important milestone in strengthening China-EU logistics cooperation and promoting international pallet sharing.

We will work with all organizations and institutions from different countries to explore how to build an internationally connected open pallet reuse and sharing system step by step, realize global cross-border pallet reuse and exchanging, promote the sustainable development of green logistics in the world, and play an active role in strengthening global economic and social stability.

about CFLP

The China Federation of Logistics and Purchasing (CFLP) is the only organization of logistics industry in China, which was approved by the China government. The mission of CFLP is to promote the innovation and development of China logistics and procurement supply chain. CFLP has the functions of trade statistics and standards drafting & revising, etc. More than 10,000 Chinese companies are CFLP's members. There are 40 branches in CFLP and is Pallet Professional Committee focus on pallet industry.

about EPAL

As an international non-profit organization, the European Pallet Association e.V. (EPAL) organizes the open EPAL pallet exchange pool which has been an exemplar for a sustainable circular economy for more than three decades – following the principles of reuse, exchange, repair and recycling. The EPAL brand stands for quality, safety and sustainability in logistics. There are currently more than 650 million EPAL Euro pallets and approximately 20 million EPAL Box pallets in circulation making the EPAL pallet exchange pool the biggest open pallet exchange pool in the world. EPAL Euro pallets are the cornerstone of industrial and retail supply chains in Europe.
